Enrolment Procedure

For all children two and a half years or older, an assessment must be conducted to correctly identify their appropriate swimming level. Assessments need to be booked either via our online portal <https://mlc-sydney.accounts.ud.io/> through your account or can be booked over the phone by calling 02 8741 3154. On your assessment day bring your child with their swimmers and inform a staff member you have arrived.
